Life-on-Life: the Journey

- The Journey is a gospel-centered resource for discipleship, designed to help a disciple maker develop mature and equipped followers of Christ, who will be able to do the same with others.
- The curriculum is broken out into three years (Red, Blue, or Green) that are available for individual purchase [here](#). Your involvement in a Journey Group will result in you working through an intentional plan for spiritual growth, maturing in your spiritual life, and being equipped to share these principles with others.
- The life on life process includes a commitment to you and others in the group by the leader, as well as a commitment by you to the Journey Group.
- Your Journey Group will meet regularly in weekly meetings. Group members encourage one another as they share honestly about the challenges they face and support one another through the hard times (and victories) as they grow spiritually in a supportive, confidential environment that fosters camaraderie and openness.
- Journey Group members are asked to commit one year at a time. At the end of your one-year commitment, you can tell your Journey Group leader whether you are interested in coming back the following year.
